For sale is a 1961 NSU Super Max 250cc motorcycle. This bike has 3500 miles and looks it from the condition. If you remember the Guggenheim Museum's "Art of the Motorcycle" show back in 1999, I supplied the NSU that was in the show. I sold that bike to the Barber Museum. I was heavily into NSU's for a long time. I've owned over 20 of them and they are a wonderful bike. I still have a few NSU's but it is time to thin the herd. This bike is 100% original. The paint is original and every nut and bolt are the original german metric ones that came with the bike. The air box and tail light were not attached when the pictures were taken but they are on the bike now. Back in the 90's, I visited the west coast importer for NSU (West Valley Cycles). They still had all their NSU parts in a back room and I bought a lot of the impossible to find little parts that are always missing on a bike. This bike has everything. The tires are new Dunlop's and I've gone through everything. There is no rust in the gas tank and the muffler is next to new. I'm retired, have 25 motorcycles and it's time to let someone else play with some of my toys. Also have a 1969 Honda CB750 restoration project for sale at this listing

<http://albany.craigslist.org/mcy/4930660103.html>

Way back when, I used to have a BMW R-25 single I rode to work every day on. Someone let me ride their NSU and I was hooked. Sold the BMW and got into NSU's. The bikes were the fastest 250 in the day and were ever faster than a lot 500cc bikes. NSU in the 1950's were the worlds largest motorcycle manufacturing company. Think of NSU as an Audi motorcycle as it is Audi's ancestor and Audi's are built in the old NSU factory. NSU dominated Grand Prix racing in the early to mid 50's and Hermann Muller won the 250cc title in 1955 on a bike not very different from this bike. The NSU Super Max is considered by most experts to be one of the most significant motorcycles ever built. If you want a great bike to do the MotoGiro on, this is a thoroughbred bike for the event. I live 2 and a half hours from NYC and my son lives in lower Manhattan. Come look at the bike or I can deliver the bike for a tank of gas. I do not have a title for the bike as in NY, pre 1973 motorcycles only need a bill of sale to be registered. If you need paperwork, I can supply a NY registration for what it will cost me get the registration. When was the last time you saw one of these for sale?
